

2024 FALL CLOSING AGREEMENT

WHAT YOU NEED TO DO BEFORE WE ARRIVE:

If the timer for your system is inside, you must inform us. You must remove both trippers before we arrive.

Lower the pH of the pool water between (7.0-7.2) if this is not done, an adjustment will be made for an additional cost.

Vacuum and remove all leaves and debris from pool. **THIS IS NOT INCLUDED IN OUR CLOSING SERVICE**

Leave electric service and water on.

Leave winter cover(s), all securing devices, winter rubber plugs, blow out plug, etc. at pool side.

All concrete, gunite, plaster, fiberglass pools must lower the water to the bottom of the tile prior to our arrival or additional charges may apply. Water level must be on bottom of the tile.

IF ANY OF THESE ITEMS ARE NOT MET BY YOUR SCHEDULED CLOSING DATE, WE WILL PERFORM THESE TASKS AND YOU WILL BE BILLED \$80 PER ½ HOUR.

DO'S AND DON'TS FOR THE WINTER:

ALWAYS ADD STAIN AND SCALE CONTROL

Pool water must be balanced at closing time to protect the pool surface

Do not keep handrails and ladders in the same room with chlorine. They will rust.

Leave electric service and water on.

All covers must remain dry over the winter. We recommend putting an automatic pump on the first or second step of the pool under the mesh cover to maintain the proper water level. We recommend putting an automatic pump on top of a sold cover to maintain the proper water level.

FILTER CLEANING:

We recommend this at time of closing. (Additional Charge)

We must know in advance if you want this service. **PLEASE INDICATE ON FORM IF YOU WANT THIS SERVICE.**

This service is done manually on site. We will open the filter and hose down.
